NOTE TO ALAN:

Talk to Joe Zaice and see if it really is legal for those demonstrators to be in my front yard and sitting on the front steps. I have trouble believing that is all right. Number two, find out if it is legal for these demonstrators in front of the Pentagon to pass out stuff on this side of the street, or shouldn't they be kept on the other side of the street. Number three, find out today about Lowell Perry. Call him at my request, find out what his situation is and see if he would be interested in having us consider him for something over here.
