

July 24, 1976

STASER:

We ought to review that decision on a flight in the Taiwan straits area. Page 2 of the National Intelligence Daily on July 24 indicated that China maneuvers are continuing. We ought to consider reopening that. You will recall that the decision of the 40 Committee was to wait a period unless something else occurred. We ought to check and see if something else has in fact occurred as the article suggests.

7/26  
Tasked G. Carter.  
He says DSE is reviewing  
problem even now
