✓ STASER
STEVE

See me on Thursday on how we are going to get one day for me to work on the defense report, one day for me on plans after the election, assuming he wins, another day assuming he loses--a half day with Cramer, a half day on the naval study, a good long calendar meeting setting the countries we want to visit on those two European trips and a day on the Foreign Affairs article. I would like to do all of that before the election.

Done
